Reference: 30 Day Post-General Report (10/16/2014 - 11/24/2014)

To Whom It May Concern:

We are in receipt of the letter from the Commission regarding the above referenced report. Please see below for our complete response.

1. The excessive contributions in question will be refunded and reflected on our April Quarterly Report.
2. The contributions designated to Primary 2014 were entered as such due to a data entry error. These contributions should have been designated as Primary 2010 for debt retirement and we will be amending our Post-General Report today to correct the public record.
3. We regret the three contributions for which we failed to file a 48 Hour Notice report for in a timely manner. We will re-emphasize the importance of these reports with our campaign staff and we are taking steps to improve our internal procedures to make sure an error like this is not repeated in the future.
- 4 Seven of the eight contributions listed where our committee filed a 48 Hour Notice Report but the contribution was not listed on Schedule A of our Post-General Report were due to a data entry error that mistakenly added those contributions to our total for un-itemized donors. We have corrected this data entry issue and the contributions will be reported correctly on the amended Post-General Report we will be filing with the commission today. The one outlier, the contribution from Dana Moulton, was reported from the incorrect spouse on the original 48 Hour Notice Report. This error was fixed by the time we filed our original Post-General Report and the contribution was correctly attributed to Thomas Moulton.
5. The partnership contributions that were listed on line 11c of our Post-General Report have been moved and are now correctly pulling on line 11a in our amended Post-General Report.

Thank you for the opportunity to respond. Please contact us if you need any additional information.

Sincerely,
Paul Kilgore, Treasurer
